Learning Teaching Training Activity

First Active Citizenship-Cultural- Language Camp

4th to 15th April 2016

The active citizenship language camp will take place in

Ostello "Casa del Padre" strada del Pizzarello 6, 43028 Lagrimone, Tizzano - Parma

☎ : +39 - [3346868666](tel:+393346868666) email: cdp.ostellolagrimone@gmail.com Manager : Mr Alessandro ROSSI

Website :

http://www.diocesi.parma.it/diocesi_2015/index.php?option=com_content&view=article&id=216&Itemid=806

The ACCLCs aim at helping pupils who suffer from learning difficulties to become active citizens, to learn about / from their European neighbors, to broaden their cultural horizons, to improve their speaking skills and to high up their self-confidence and self-esteem.

The level of activities in all language lessons and activities should address beginners. But if you wish you can always have two different levels in your lessons to satisfy all participants.

Teachers prepare activities, puzzles and crosswords in English using the green Glossary or anything that refer to active citizenship and sustainable development.

Each partner country should supply the coordinator with a table of their team, including, names, dates of birth, an ID picture allergies if any, diet and food recommendations for each participants, pupils and teachers. If you have pupils with special needs who need to be with another friend in the same group, please inform me .

Teachers should mention the subjects they are able to teach. All this information should be given by 25th March at the latest so as to prepare all the lists and groups for rooms and lessons.

For lessons in Spanish, German, French and Italian are for total beginners.

Suggestion for lessons in Greek : It could be very interesting for participants to find out about all the English words that come from Greek origin through games, puzzles, crosswords or any other activities of the kind.

If you need to give exercises or activities on paper to pupils during your classes, please bring the copies with you or send them to Francesco PIRO by 28th March at the latest. Mention the number you need as there is no photocopier in the centre.

Having all the required information ahead will help us prepare the camp in good conditions and make things a bit easier for our Italian hosts.

Thank you for your understanding and cooperation.

Monday 4th April

Arrival of participants late afternoon and evening.

Check in in small national groups for the sake of pupils with special needs not to feel lonely.

Participants discover the centre's installations and equipments.

Participants communicate with their families via social networks.
