

STUDENTS, TEACHERS AND PARENTS' FEEDBACK

After the camp I'm **better at communication** with other people. My **English skills became better**. We just had **very impressive time** at the camp and everyday was like **a new and nice adventure** for us. All my **European friends** are different: they all speak different, their traditions and habits are different, but I learnt that we can **make friends with everyone**. It doesn't matter who he or she is. **(Augusté Stalioraitytė, Lithuania)**

I am very happy to tell you about the trip I have made **thanks to Erasmus Plus**. Now, I know more, I have discovered a new country. I think it's very good and I would like to go again! **(SIMON Youssef, France)**

I am **really proud and happy of myself!** Now I know that I can do everything better. We just have to do it. Without mistakes we won't learn anything. I loved People from other countries, because they were so friendly! **Thank you, ERASMUS+.** **(Monika Kretulyte, Lithuania)**

When my son Christophe first asked me permission to get involved in Erasmus, and particularly when he said he might also travel abroad, I was not comfortable with the idea, but when he came back from The camp in Italy he was so happy with his experience! I think **Erasmus is a fantastic opportunity for students**, particularly at their age! Thank you. **(Mr. Severiche, France)**

My daughter Marion is quite shy and not sure of herself at all. At school she is often unhappy because her classmates mock her a lot. I encouraged her to take part in Erasmus to meet other students from Europe and it was a very good decision as she has enjoyed it so much. **This experience has changed her a lot. We are all very happy and thankful to the teachers.** **(Mrs Maillard, France)**

It has been **a fantastic experience**. I met new European friends and I **discovered a lot about their countries**. I saw traditional dances and I ate typical food as the famous paella and tortillas. I could do many sports, games and activities like rock- climbing, recycling paper, the frog game, orienteering and painting. I visited Leon, Astorga and their beautiful monuments. But the thing I liked most was staying together and the last day I was very sad. **(Giulia Giacopinelli, Italy)**

After the camp in Spain I've understood that if I could **get out of my comfort zone**, because with a little bit more confidence all activities, lessons and journeys would be more interesting and amazing. I also learned new words, for example: syllable, I didn't even know that word existed ! Also I felt **more confident talking in English**, because it was my first time talking with others **(Agné Andrecaité, Lithuania)**

Thank you, thank you for giving me the opportunity to participate to this Erasmus Camp, third times for me and the last one. They have been three completely different experiences, but each one unforgettable... Now we go back home, to our families, friends, school... Here too I will leave a part of my heart... Probably I will never see this kids again, but I will live with the gratitude of having known them... **I'm really proud of this project** because you start with the fear of not understanding, not being understood, making mistakes, but, with the time, you realize that in the life, if you want win, you have to fight, always. Thank you for everything. **(Beatrice Govi, Italy)**

Radiant sun, butterflies, running while listening to a different language, exchanging **smiles from people to people**, no matter where the people were from... **Freedom!** *(Paula Lorenzana Rodríguez, Spain)*

I loved the phone booths as I had never seen them before and they were an old favorite of mine. I made a lot of friends and I would like to have the experience again with the same students and teachers. *(Andrea del Castillo Martínez, Spain)*

We liked activities out of camp. Creative activities got the interest of almost everybody. There was the trashion show in which teams had to dress a male and female model with plastic and paper waste from the camp. **We were lucky to be part of this European partnership.** *(Julia Alvarez Blanco, Spain)*

I really liked England. Weather was good, and people in England were **very friendly** and nice, and England as a country was very nice and beautiful. Everyone was smiling and they always said hello to you, the town where we were living was amazing and nature was beautiful there. **Everything was perfect and I really enjoyed being there.** *(Justė Perminaitė, Lithuania)*

I had a lot of fun at camp in León. **It was the best week of my life!** I liked the games and the lessons. My favourite moment was with other students, doing activities. And I liked the Cathedral a lot. I never have visited it before. **Incredible!** I was a bit sad when everybody left. **But I am going to be in contact with other students from other countries.** *(Mario Santos Pérez, Spain)*

I guess I gained **self confidence** and **trust** in other people after the camp, and I feel like it's going to be **very useful in the future**, because you need to trust people, to make friends and that's the important thing. *(Viltė Karlikauskaitė, Lithuania)*

I think that I'm not that shy, I feel more confident when I talk in English and I can make new friends, I talked in English more than I usually talk. Also **I learned about our planet, that we need to protect it and what we are doing wrong.** *(Augustas Perminas, Lithuania)*

Working, having fun, meeting people...fruitful, **amazing moments!!!** *(Koukianakis Miltiadis, Greece)*

I recommend for everyone, to participate in the Erasmus + projects and learn English very well because it is better for you, if you want to find friends, understand and can to talk with everyone, make lots of friends, so you try your friendship and language skills more, listen to the teachers, don't be shy and do not worry, and **always be happy and try never to be angry or sad.** *(Ugnė Putriuvytė, Lithuania)*

I am going to tell you about the experience I have had **thanks to Erasmus Plus:** I have enjoyed a new country, for me it was great. We also visited museums, we went for a walk and I really liked having fun with other children from Europe. I hope to go again with this project and discover another country, for me it was amazing and I loved it! *(SEVERICHE Christophe, France)*

What a wonderful three years' trip!!! *(Perakis Argyrios, Greece)*

I am happy to have been **part of Erasmus project**, to have discovered another country and other cultures. I have visited museums, we had fun, we sang, we danced, which I really appreciated. For me, it was a great idea to go to another country and to learn about it! **Thank you Erasmus ! (MAILLARD MARION, France)**

Being all together in the camp was for me **the best experience!** *(Vevaiaki Kyriaki, Greece)*

I won't forget those three international camps in Italy, England and Spain and I hope **that's not the end...** It's like the end of the concert when you are clapping and shouting for one more song...and **Erasmus+ will be repeated again!** I am grateful for all Erasmus team – coordinator **Mr. Lahachmi Mechkouk**, European teachers, kids, my national team for good ideas and work. **This unforgettable experience will stay forever in me.** *(Mrs. Inga Vainutienė, Lithuania)*

It was **a nice experience**, learning so much! *(Trintaki Maria, Greece)*

Parents are very happy and **thankful** that our children had a possibility to participate in Erasmus + camps because they came back home with **a lot of knowledge, eco ideas, improved their English skills**. Thank you for such a good work and **Erasmus friendship**. Kids and parents won't forget it.:) *(Father - Žilvinas Rubežius, Lithuania)*

This Erasmus+ Project was **the best time for me** in my school ever! *(Relaki Eirini, Greece)*

Thank you, ERASMUS+!
